VAIBHAV NAGNATH SHINDE

Pune / Baramati, Maharashtra, India

Software Developer | Full Stack (.NET 10, C#, React.js, Next.js, Node.js, MS SQL Server)

+91 8605112318 | dev.vaibhavshinde@gmail.com | linkedin.com/in/vaibhu18 | github.com/vaibhu18 | itsvcode.vercel.app

PROFESSIONAL SUMMARY

Full Stack Software Developer with hands-on experience building core enterprise applications across C#, .NET 10, ASP.NET Core, Entity Framework Core, MS SQL Server, and React.js, along with full-stack JavaScript development using Next.js 16, Node.js, Express.js, TypeScript, and MongoDB. Developed key production ERP modules (Product Management, Employee Management, Automated Salary Calculation, and PDF/Excel Reporting) and 12+ REST APIs at Prix Corporation, speeding up SQL query performance by 30% and lowering UI delivery time by 35%. Secured 1st Place twice in collegiate coding competitions against 200+ competitors.

TECHNICAL SKILLS

Languages: C#, TypeScript, JavaScript (ES6+), SQL, C++, Java, C, HTML5, CSS3

Backend: .NET 10, ASP.NET Core Web API, Entity Framework Core, LINQ, Node.js, Express.js, REST APIs, WebSockets (Socket.IO / ws), Inngest

Frontend: React.js (React 19), Next.js 16 (App Router), Tailwind CSS v4, shadcn/ui, Sandpack, AG Grid, Recharts

Databases: MS SQL Server, MongoDB (Mongoose, ACID Transactions), PostgreSQL, Indexing & Query Optimization

Security & APIs: JWT, OAuth, NextAuth.js, Clerk Auth, AES-256-GCM Encryption, Zod Validation, PDF/Excel Report Generation, Stream Video API

Engineering & Tools: Clean Architecture, Layered Architecture, OOP, SOLID, DSA, Git, GitHub, Postman, Agile/SDLC

PROFESSIONAL EXPERIENCE

Software Developer Intern | Prix Corporation — Baramati, Maharashtra (Mar 2026 – Sep 2026)

- Designed and built 12+ production RESTful APIs and core business modules—including Product Management, Employee Management, and Automated Salary/Payroll Calculation—using C#, .NET 10, ASP.NET Core, and Entity Framework Core.
- Created automated PDF and Excel reporting features for financial, payroll, and inventory data exports to support business reporting workflows.
- Developed reusable React.js and TypeScript UI components connecting to backend .NET 10 APIs, cutting UI development turnaround time by ~35%.
- Refactored MS SQL Server queries, complex joins, and database indexes on high-volume tables, improving query performance by ~30% through query optimization, strategic indexing, and leveraging EF Core Change Tracking and AsNoTracking optimizations.
- Added JWT and role-based access controls along with server-side API data validation while actively contributing to Agile sprints, code reviews, and releases.

PROJECTS

Axentra ERP — Enterprise Manufacturing & Accounting ERP | React 19, Node.js, Express 5, MongoDB, AG Grid, Recharts, Zod

- Built a full-stack enterprise ERP system to digitize operations across inventory, billing, accounts, cash books, and wage calculations.
- Configured multi-document ACID transactions in MongoDB to make sure invoices, receipts, ledger updates, and stock updates process accurately without discrepancy.
- Created interactive data tables and financial reporting dashboards using AG Grid, Recharts, and Zod validation.

HireLink — Real-Time Technical Video Interview & Coding Platform | React.js, Node.js, Express, MongoDB, Stream API, Piston API, Inngest

- Developed a 1:1 live interview application integrating low-latency video calls via Stream API with isolated multi-language code execution using Piston API.
- Set up role-based session permissions and event-driven background processing using Inngest.

Ilyantra — AI React Application & Landing Page Workspace | Next.js, React, MongoDB, Gemini API, Sandpack, Tailwind CSS (vcode-ilyantra.vercel.app)

- Constructed an AI web workspace that turns user prompts into functional React components and landing page layouts.
- Integrated Sandpack to enable instant in-browser React bundling, live previews, and interactive editing with persistent MongoDB project storage.

EDUCATION

- Master of Computer Science (M.Sc. CS) — Tuljaram Chaturchand College, Baramati (Jun 2026 – Present)
- Bachelor of Computer Science (B.Sc. CS) — Vidya Pratishthan's ASC College, Baramati (Jun 2023 – Jul 2026) | CGPA: 8.55/10

CERTIFICATIONS & ACHIEVEMENTS

- 1st Rank (2x Winner) — Top Coder Competition: Ranked 1st among 200+ coders in SY (Sep 2024) & TY (Mar 2026) at Vidya Pratishthan College; 2nd Rank at National-Level Techno-Spirit 2026.
- Certified Backend Developer — FunctionUp: Intensive backend training covering Node.js, Express.js, MongoDB, and REST APIs.
